

# 10.3. Workflow of Projects

The content type Projects has a **4-step** workflow:

1. Entry in progress: The project entry still is in progress and being worked on.
2. For Approval: The project is awaiting internal approval from the PURE-Editor.
3. Approved: This step has not been used.
4. Validated: The project has been validated by the PURE-Editor.

Once the Project has undergone the approving process, the Researcher cannot edit anything but read the record.
