

2.10. Potential Duplicates

Please, always pay attention to duplicate warnings (here is an example of it):

When clicking on the option **“View potential duplicate”**, you can check the details of the publication that already exists in Pure.

If you realise that the publication you want to import/create already exists in Pure, please **refrain** from importing/creating it again.

If the types of the publications are **different**, for example, if you want to import/create a journal publication and a book up as potential duplicate, then it is not a real duplicate, and you can import/create your journal publication without creating a duplicate.
