

## 2.4. Import From File

This option is to be chosen **if importing from online sources is not possible**. Here, you can add any kind of research outputs from BibTex, RIS and CERIF files.

To import a research output from file:

1. Click on the Add content button:

Or click on the *triangle* next to Personal in the header, select *Research outputs*, and then click on the  button:

2. Select *Import from file*.
3. Click on the file type you want to import from. BibTex, RIS and CERIF file types are available.
4. You can directly paste your data into to *Paste text* field if you have already copied it to the clipboard or you can upload a file by clicking on the field *Drag file and browse your computer*:

5. Click on the *Import* button located at the bottom of the article you wish to import into Pure.
6. The next steps are the same as those outlined in the [previous chapter](#).

Are you interested in an **automated publication search** from online sources? See section Automated search (without immediate effect).
