

# 3.3. Non-competitive Projects, Such as Clinical or Privately Funded Projects (Awards with Projects)

In case of a **not competitive project, such as privately funded projects (corporate funding)** etc., you don't need to create an Application, but an **Award and a Project**.

To create a non-competitive project in Pure:

1. **Create a Project**. For the details of Projects, refer to the section [Projects - Details](#).
2. **Create an Award based on the Project** by opening the Project and clicking on the “Save and create award” button. For the details of Award, refer to the section [Awards - Details](#).

3. Click on “Save”.

In summary, in case of a **non-competitive project**, you need to create two data types: an **Award**, and a **Project**. These data types need to be linked to each other:

Project	Nature of activity	Funder	Ethical reviews	Applications	Awards	Awarded	Spend	Funded period
<b>PMU Test</b> Klein, M. Project: Research		FWF - der Wissenschaftsfonds Österreich				25.00 EUR	0.00 EUR	Feb 2024 - Feb 2024
